

CEF Symposium and Assembly

Wednesday, 20 February 2008

15 h s.t., MPI of Biophysics, Lecture Hall (0.10)

- 15:00 – 15:05 Welcome and introduction (Werner Müller-Esterl)
- 15:05 – 16:15 Candidates for Adjunct CEF Investigator Positions**
- 15:10 – 15:40 Clemens Glaubitz
(Center for Biomolecular Magnetic Resonance, Frankfurt University)
“Biophysical Insight into Receptors and Multidrug Efflux Pumps”
- 15:40 – 16:10 José Faraldo-Gómez
(MPI of Biophysics, Frankfurt)
“Conformational variability and self-organization of modular scaffolding proteins”
- 16:15 – 17:00 Plenary Lecture**
Horst Vogel (Scientific Advisory Board, CEF)
Institut de Science Biomoléculaire
Ecole Polytechnique Fédérale de Lausanne, CH
“Investigating cellular signaling by micro- and nanotechnologies”
- 17:15 – 18:00 CEF Assembly**

Guests are welcome!
