

CEF Seminars

Friday, 6 June 2008 17.00

Thomas Surrey EMBL, Heidelberg

*Dynamic protein complexes of the microtubule cytoskeleton:
from single molecules to collective behavior*

Host: Werner Müller-Esterl

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Monday, 16 June 2008 14.30

Andrew Woolley University of Toronto

Photo-switches for peptides and proteins

Host: Jens Bredenbeck

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Thursday, 10 July 2008 17.00

Petra Schwille Technical University of Dresden

From single molecules to artificial cells

Host: Alexander Heckel

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Guests are welcome
