

**CEF Symposium “Macromolecular Complexes”
Monday, April 16th, 2007**

**Candidate for the Associate Professorship in
X-ray Crystallography of RnA-protein Complexes**
Biozentrum, lecture hall H2, Chem. Institutes, Max-von-Laue-Str. 11

15.00-15.30 h **Paola Fucini**
(Max-Planck-Institute of Molecular Genetics, Berlin)
“Nascent chain ribosomal complexes studied by X-ray
crystallography and NMR“

Guests are welcome!
Werner Kühlbrandt, Werner Müller-Esterl, Harald Schwalbe (CEF Directors)
