

CEF Seminars

Thursday, 2 October 2008 17.00

Ernst H.K. Stelzer EMBL, Heidelberg

*“Light sheet based fluorescence microscopies (LSFM, SPIM, DSLM)
Reduce phototoxic effects by several orders of magnitude”*

Host: Jürgen Bereiter-Hahn

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Thursday, 9 October 2008 17.00

Thomas Oertner Friedrich Miescher Institute, Basel

“Synapses: Caught in the act!”

Host: Amparo Acker-Palmer

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Thursday, 23 October 2008 17.00

Thomas Euler MPI for Medical Research, Heidelberg

“Cellular mechanisms of signal processing in the retina”

Host: Karl-Dieter Entian

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Thursday, 30 October 2008 17.00

Alessandro Esposito University of Cambridge

“Imaging biochemical pathways in the living cell”

Host: Jürgen Bereiter-Hahn

Venue: MPI of Biophysics, Lecture hall 0.10, Max-von-Laue-Str. 3

Guests are welcome Snacks and drinks will be provided
