## CEF Adjunct Investigator Symposium

Tuesday 21 February 2012

- 
- 14.00 Welcome and introduction
- 14.05 **Martin Grininger**  
***“Multifunctional fatty acid synthases as drug targets”***  
Institute of Organic Chemistry and Chemical Biology and  
Buchmann Institute of Molecular Life Sciences  
Goethe University Frankfurt
- 14:35 **Michael Potente**  
***“Transcriptional regulatory circuits in vascular morphogenesis”***  
Institute for Cardiovascular Regeneration  
Goethe University Frankfurt
- 15:05 **Ilka Wittig**  
***“Composition and dynamics of macromolecular complexes in health and disease”***  
Gustav Embden Center of Biological Chemistry  
Goethe University Frankfurt
- 15.35 Close

*Venue:* Buchmann Institute for Molecular Life Sciences,  
Frankfurt a. M., Max-von-Laue-Str. 15, seminar room 3.601-2
