

Symposium

Key Lectures by
Nobel Laureates

Jean-Marie Lehn
(Nobel Prize Chemistry 1987)

Perspectives in Chemistry:
From Supramolecular
Chemistry towards
Adaptive Chemistry

Venki Ramakrishnan
(Nobel Prize Chemistry 2009)

How the Ribosome Ensures
the Accurate Translation of
the Genetic Code

Gerhard Ertl
(Nobel Prize Chemistry 2007)

Catalysis by Surfaces:
From Atoms to Complexity

Shaping the Future: Defining Moments in Chemistry and Medicine

25 Years of the
Rolf Sammet
Guest Professorship

Friday
22nd October
2010

Biocenter
Campus Riedberg
Lecture Hall B1
2 pm to 6 pm

Venue web page:
www.aventis-foundation.de

Organizer:
Prof. Harald Schwalbe
Goethe-University Frankfurt am Main
Cluster of Excellence Frankfurt -
Macromolecular Complexes (CEF-MC)
Center for Biomolecular
Magnetic Resonance (BMRZ)
