

Selection Symposium

Tuesday, 12 March 2013

Junior Professorship (W1) in RNA Regulation in Higher Eukaryotes

Venue: Otto-Stern-Zentrum, Lecture Hall H5
Ruth-Moufang-Str. 2, 60438 Frankfurt

- 09:00 **Julian König**
 "Genome-wide views of protein-RNA interactions"
 MRC Laboratory of Molecular Biology, Cambridge, UK
- 09:45 **Shihoko Kojima**
 "The tale of the tail: Circadian changes of poly(A) tail length drive rhythmic protein synthesis"
 UT Southwestern Medical Center, Dallas, USA
- 10:30 **Sebastian Maurer**
 "Analysis of dynamic and structural properties of microtubule – protein complexes"
 London Research Institute, London, UK
- 11:15 coffee break
- 11:45 **Michaela Müller-McNicoll**
 "Global analysis of mRNPs - SR proteins and mRNA export in vivo"
 Max Planck Institute for Molecular Cell Biology and Genetics, Dresden
- 12:30 **Vera Schoft**
 "Transposon silencing in plant gametes is mediated by mobile small RNAs"
 Gregor Mendel Institute of Molecular Plant Biology, Wien, Austria
- 13:15 Close
-
